Welcome

Please find enclosed the brochure of Kamakura Risk Manager (KRM) System Operational Training (Basic) 2020.

The KRM System Operational Training will be held in Taipei from 25 to 27 March 2020. There will be a two-day KRM-NI (ALM) training from 25 to 26 March 2020, follow-by a one-day KRM-TP (FTP) training and KRM Technical training on 27 March 2020.

For more information about the event, please see the KRM System Operational Training (Basic) Programme enclosed.

I look forward to seeing you.

Best regards,

Wilson Yap

Senior Vice President & Head of Professional Services
Asia Pacific Operations
Kamakura Corporation

KRM System Operational Training (Basic)

25-27 March 2020

COURSE OBJECTIVE

This is a beginner course for Kamakura Risk Manager (KRM) and is suitable for both first-timer and as a refresher course for existing users. Participants learn how to operate the system via case studies and hands-on examples. Training laptops will be provided.

This course is open to all KRM clients and is complimentary for clients who are current on Annual Maintenance Cost.

TRAINING AREAS

- ALM – Bernie Wang (25 – 26 March)
- FTP – Coty Huang (27 March)
- Technical – Anderson Lin (27 March)

TARGET AUDIENCE

- Kamakura KRM system user with little or no prior experience using KRM
- KRM Technical Support who would like to understand the system from user perspective

Each bank may send up to 4 participants for each training, and additional participants will be allocated on a first-come-first-served basis.

COURSE INSTRUCTORS

Bernie Wang, FRM
Consultant, ASPAC

In Kamakura, Bernie is responsible for providing support and implementation consulting services for the KRM (Kamakura Risk management) products for clients in Asia-Pacific region, specializing in projects related to ALM (Asset and Liability Management), FTP (Funds Transfer Pricing), Basel II & III and IRRBB (Interest Rate Risk in Banking Book).

Prior to joining Kamakura, He worked as an asset-liability manager at finance management department of Bank Sinopac in Taiwan for 3 years. He was involved in implementation project of bank's quantitative risk management system, which includes ALM, IRRBB, FTP and Profitability Analysis modules. During the implementation phase, he was in charge of planning and project management, establishment and maintenance of bank's financial data mart and FTP report design and validation. He also assisted in building up automation process for market data collection, data validation and monthly batch run. He is familiar with financial instruments in Taiwan market, regulatory and practical application of asset-liability management and is experienced with SQL, VBA and VBScript coding.

Bernie obtained his Master of Art in Economics from National Tsing Hua University, Taiwan in 2011. He is a certified Financial Risk Manager (FRM) awarded by Global Association of Risk Professionals (GARP). Bernie is a native speaker of Mandarin and is well versed in English.

Coty Huang, FRM
Principal Consultant, ASPAC

Coty joins Kamakura to provide system support and implementation consulting services for the Kamakura Risk management (KRM) products for clients in Asia-Pacific region, specializing in Market Risk, Credit Risk Modelling, ALM, FTP, IRRBB, and IAS39/IFRS9.

Prior to joining Kamakura, Coty was with KPMG Taiwan FRM (Financial Risk Management) where he provides advisory services to clients in financial instrument valuation, internal control review for trading desk, credit risk modelling, Basel II/III and IFRS9.

Coty obtained his Bachelor and Master of Science degree majoring in financial mathematics from National Taiwan University, specialized in financial instruments pricing. Coty is a certified Financial Risk Manager (FRM) and holds certifications for SAS base (global), Certificate of Senior Securities Specialist (Taiwan), Certificate of Bank Internal Control (Taiwan), Trust representative (Taiwan).

Anderson Lin

Technical Consultant, ASPAC

Anderson assumes the role of Technical Consultant, Kamakura Corporation where he is responsible for providing pre-sales and implementation support of Kamakura risk products for clients in Asia-Pacific region.

He has more than 7-year HRIS (human resource information system) consultant experience. His strengths are in problem solving, project planning and conducting trainings for users. He is well-versed in MS SQL, Oracle PLSQL, data analysis and reporting.

Prior to joining Kamakura, Anderson worked with Yuen Foong Yu Inc. Taiwan as a senior HRIS system analyst and project lead. In November 2014, Anderson led a 3-year HRIS project which completed on time, covering 9,000 users at 12 sites in Taiwan and 17 sites in China. He also worked with BenQ Corporation Taiwan as a technical consultant of HR system for more than 5 years.

Anderson obtained his bachelor degrees of Computer and Communication Engineering from Ming Chuan University Taiwan.
